

Curriculum Vitae
Elizabeth A. Foley, MD

Work Experience

Pediatric Pulmonary Associates Inc Long Beach, CA
Miller Children's Hospital Long Beach
5/2017-present

- Inpatient and outpatient pediatric pulmonary clinic physician, seeing a variety of pulmonary disorders including asthma, cystic fibrosis, obstructive sleep apnea, bronchopulmonary dysplasia, chronic tracheostomy and ventilator management

Valley Children's Hospital Madera, CA
10/2016-4/2017

Independent contractor

- Outpatient pediatric pulmonary clinic physician, seeing a variety of pulmonary disorders including asthma, cystic fibrosis, obstructive sleep apnea, bronchopulmonary dysplasia, chronic tracheostomy and ventilator management

Graduate Medical Education

Lucile Packard Children's Hospital at Stanford Stanford, CA
7/2012-6/2016

Fellow in Pediatric Pulmonary

- In-depth subspecialty training in pulmonary physiology and respiratory diseases including, but not limited to, cystic fibrosis, asthma, respiratory compromise of neuromuscular diseases, sleep disorders, and long term management of bronchopulmonary dysplasia
 - *Licensure*: CA state medical license obtained 7/2012 exp. 12/17

Cohen Children's Medical Center of New York/Long Island Jewish Medical Center New Hyde Park, NY
5/2011-6/2012

Chief Resident in Pediatrics

- Worked with over 120 residents with scheduling, acting as liaison between resident and administration, in addition to fulfilling a more senior role, as an attending on the wards, in addition to in the resident clinic

Cohen Children's Medical Center of New York/Long Island Jewish Medical Center New Hyde Park, NY
6/2008-5/2011

Resident in Pediatrics

- Gained extensive hands-on experience in children with wide and varied pathologies, ranging from acutely ill, to chronic conditions, to well-child check-ups
- Worked in multiple hospitals within the medical system allowing for a variety of patient populations
- Responsible for teaching not only third and fourth year medical students but junior residents as well as interns
 - *Licensure*: NY state medical license # 254797 9/2009-9/2012

Medical Education

New York Medical College Valhalla, NY

08/2003 – 05/2008

- *Licensure*: USMLE Step 1 June 2006, USMLE Step 2CK July 2007, USMLE Step 2CS October 2007
- *Activities*: 8/2003 – 6/2004, 5/2007 – 5/2008 class senator, 1 of 5 elected representatives
- 8/2003 – 6/2004 class representative to curriculum committee, 1 of 2 appointed

Graduate Education

University of California, Los Angeles

Los Angeles, CA

9/2001 – 7/2003

Behavioral Neuroscience/Learning and Behavior

- *Awards, Scholarships, and Prizes*: Honorable Mention National Science Foundation 2003 Graduate Research Fellowship Program Award

Undergraduate Education

University of California, Los Angeles

Los Angeles, CA

9/1997 – 6/2001

BS Psychobiology

- *Awards*: 9/2000 – 6/2001 Provosts Honor Roll

Employment

University of California, Los Angeles

Los Angeles, CA

6/2002 – 7/2003

Teaching Assistant

Department of Psychology

- *Courses taught*: Fundamentals of Learning and Behavior, Behavioral Neuroscience Laboratory; designed for both junior and senior psychology/psychobiology/neuroscience majors.

Brentwood Allergy and Asthma

Brentwood, CA

9/2001 – 9/2002

Medical Assistant

- Responsible for patient intake at a busy allergy and asthma specialty practice including, but not limited to, patient histories, vital signs, immunotherapy injections, pulmonary function tests, and administration of allergen scratch tests

University of California, Los Angeles

Los Angeles, CA

4/2000 – 7/2001

Animal Husbandry Staff, UCLA Psychology Vivarium

- Responsible for the care and upkeep of the vivarium responsible for supplying the psychology department with the mice and rats needed for their experiments. Duties included keeping extensive records of breeding, weaning, and distributing animals, as well as working with outside vendors for specialty orders.

Research Experience

Stanford University, Alvira Laboratory

Stanford, CA

3/2013-6/2016

- Working with Dr. Alvira exploring lung development by looking at factors present in the neonatal lung in a murine model of bronchopulmonary dysplasia, as well as developing a working protocol for evaluating secondary septation in vitro

University of California, Los Angeles, Minor Laboratory
3/1999 – 6/2001

Los Angeles, CA

Undergraduate Research Assistant

- Served as a research assistant in a behavioral neuroscience lab working on the learned helplessness model of depression, and possible pharmacologic and biologic explanations for the parallels seen between the behavior seen in rats and those proposed in humans suffering from depression.
